Things to Do Before Registering:

If you have not already done so, please register for your online account in our new software at steinbach.perfectmind.com.

1. Determine what level your child should be in by doing one of the following:

- Check your children's online account for the most recent class, **if your last lessons were taken at a different facility**, create your online account and call customer service for information on how to record your child's outcomes.
- If it has been a while since you last registered, and you think your child is beyond the level last taken, bring your child in for a free evaluation during any Public Swim time before registration day. One of our deck supervisors will explain the results and recommend the appropriate level for your child.
- Or, call customer service at 204-346-6207

2. Review the list of available classes and have a few options chosen in the event your first choice is not available. The most up to date schedule information can be viewed at steinbach.perfectmind.com.

Bronze Medallion

CPR Pocket Masks and replacement one-way valves are required for this course and are an additional charge. Pre-requisites: Bronze Star by 1st day of course or 13 years of age by last day of course. 100% attendance is required. This course teaches an understanding of the lifesaving principles embodied in the four components of water rescue education: judgement, knowledge, skill and fitness. Upon successful completion of this course and practical exam, the candidate will be able to take Bronze Cross.

Bronze Cross

Pre-requisites: Bronze Medallion by 1st day of course (does not need to be current). 100% attendance is required. This course is designed for lifesavers who want the challenge of more advanced training, including an introduction to safe supervision in aquatic facilities. Bronze Cross is the pre-requisite award for all advanced training programs including National Lifeguard Service (NLS) award and the Lifesaving Instructor (LSI) award. Upon completion of this course and practical exam, candidates will be certified as an Assistant Lifeguard in Manitoba. Please note that employment as an assistant lifeguard also requires current recognized certification in Standard First Aid (SFA) with CPR "C" certification.

Standard First Aid & CPR C

Comprehensive First Aid & CPR techniques for those who need training for work requirements, or who want more knowledge to respond to emergencies in the workplace or home. The course covers a variety of topics from basic (such as cardiovascular & breathing emergencies, CPR Level C, AED, prevention of disease transmission) to in-depth, such as sudden medical conditions and injuries to the head and spine. SFA & CPR "C" certification is a pre-requisite for NLS courses.

National Lifeguard

Pre-requisites: Bronze Cross (does not need to be current), recognized SFA with CPR "C", and 15 years of age by the exam date of the course. This 50 hour course (core/pool option) teaches the fundamental skills, knowledge and values of safety supervision and rescues in a pool environment. Candidates are evaluated throughout the course and with a final practical exam. Successful completion of course and exam will certify candidates to Lifeguard in Manitoba. Please note that employment as a lifeguard also requires a current recognized SFA with CPR "C" certification.

Registration for these courses can be done throughout the year and does not have to be done on swimming lesson registration days. For more information on the lifeguard training courses, please visit our website at www.steinbach.ca/pool or call us at 204-346-6207.
