Southeast Event Centre — Opening Soon in Downtown Steinbach!

The Southeast Event Centre will be opening its doors to the public later this year, and the City of Steinbach is thrilled that this all-in-one event facility will be ready for the community to experience soon.

The complex will offer space for a variety of new opportunities in Steinbach as it includes a large main venue with seating for over 2,000 that can be used for concerts, events, ice sports, tradeshow and ceremonies, a multi-use hall / gymnasium, and an atrium.

“Whether you are coming to the walking track, the family fun zone, to watch an event, to participate in a game, or just coming out for a fine dinner or lunch, there will be a place for you at the Southeast Event Centre.”

— Mayor Earl Funk

The facility will be located downtown, replacing the former Centennial Arena and connecting to the existing T.G. Smith Arena, Steinbach Curling Club, Keystone Theatre, and community plaza— maintaining our downtown as a dynamic public space.

The City of Steinbach is pleased to be working together with the Southeast Events Group for the construction and operation of the centre. We also acknowledge the significant contributions towards the Southeast Event Centre from the Province of Manitoba’s Arts, Culture and Sport in Community fund, from the Investing in Canada Infrastructure Program and from private donors.

Dwelling Safety Standards By-Law

By-Law 2157 addresses minimum obligations property owners must provide within their residential dwellings to ensure all Steinbach residents have safe housing.

All homes in Steinbach, including secondary suites, must comply with the by-law.

Does your dwelling comply with By-Law 2157?

A resident or property owner can request the City of Steinbach to inspect their dwelling unit. If the unit is in compliance and passes the inspection, the City will issue a Certificate of Compliance, valid for 3 years (unless property conditions change).

Review the City's Accessibility Plan

The City of Steinbach exists to serve all residents and we work to accommodate accessibility barriers in the delivery of all city programs and services.

As part of this commitment, the City of Steinbach is in the process of updating our Accessibility Plan and, at this point in the process, we would like to ask residents for their feedback on the current draft.
